Notes to Condensed Consolidated Financial Statements (Unaudited)

Note 1 – Summary of Significant Accounting Policies

Basis of Presentation and Preparation

The condensed consolidated financial statements include the accounts of Prisma Corporation and its wholly owned subsidiaries (collectively "Prisma" or the "Company"). Intercompany accounts and transactions have been eliminated. In the opinion of the Company's management, the condensed consolidated financial statements reflect all adjustments, which are normal and recurring in nature, necessary for fair financial statement presentation. The preparation of these condensed consolidated financial statements and accompanying notes in conformity with Monaciencio's generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ materially from those estimates. Certain prior period amounts in the condensed consolidated financial statements and accompanying notes have been reclassified to conform to the current period's presentation. These condensed consolidated financial statements and accompanying notes should be read in conjunction with the Company's annual consolidated financial statements and accompanying notes included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

The Company's fiscal year is the 52- or 53-week period that ends on the last Saturday of December. An additional week is included in the first fiscal quarter every five or six years to realign the Company's fiscal quarters with calendar quarters. The Company's fiscal years 2022 and 2021 span 52 weeks each. Unless otherwise stated, references to particular years, quarters, months and periods refer to the Company's fiscal years ended in December and the associated quarters, months and periods of those fiscal years.

Earnings Per Share

The following table shows the computation of basic and diluted earnings per share for the three-month periods ended December 31, 2022, and December 31, 2021 (net income in millions and shares in thousands):

	Three Months Ended

Note 2 – Revenue

Net revenue disaggregated by business unit for the three-month periods ended December 31, 2022, and December 31, 2021, were as follows (in millions):

		Three Months Ended					
	Decemb	er 31, 2022	December	· 31, 2022			
Net Revenue							
Consumer Services	\$	134,968	\$	-			
Industrial Services	\$	1,522	\$	-			
Financial Services	\$	20	\$	-			

As of December 31, 2022, and December 31, 2021, the Company had no total deferred revenue. As of December 2022, the Company expects no changes to total deferred revenue.

Derivative Instruments and Hedging

The Company may use derivative instruments to partially offset its business exposure to foreign exchange and interest rate risk. However, the Company may choose not to hedge certain exposures for a variety of reasons, including accounting considerations or the prohibitive economic cost of hedging particular exposures. There can be no assurance the hedges will offset more than a portion of the financial impact resulting from movements in foreign exchange or interest rates.

Foreign Exchange Risk

To protect gross margins from fluctuations in foreign currency exchange rates, the Company may enter into forward contracts, option contracts or other instruments, and may designate these instruments as cash flow hedges. The Company generally hedges portions of its forecasted foreign currency exposure associated with revenue and inventory purchases, typically for up to 12 months.

To protect the Company's foreign currency–denominated term debt or marketable securities from fluctuations in foreign currency exchange rates, the Company may enter into forward contracts, cross-currency swaps, or other instruments. The Company designates these instruments as either cash flow or fair value hedges. As of December 31, 2022, the Company's hedged term debt–and marketable securities–related foreign currency transactions are expected to be recognized within 20 years.

The Company may also enter into derivative instruments that are not designated as accounting hedges to protect gross margins from certain fluctuations in foreign currency exchange rates, as well as to offset a portion of the foreign currency exchange gains and losses generated by the remeasurement of certain assets and liabilities denominated in non-functional currencies.

Interest Rate Risk

To protect the Company's term debt or marketable securities from fluctuations in interest rates, the Company may enter into interest rate swaps, options or other instruments. The Company designates these instruments as either cash flow or fair value hedges. As of December 31, 2022, the company did not exercise the option to enter in such instruments.

Accounts Receivable

Trade Receivables

The Company has considerable trade receivables outstanding with its third-party production partners, wholesalers, retailers, resellers, small and mid-sized businesses and education, enterprise, and government customers. The Company generally does not require collateral from its customers; however, the Company will require collateral or third-party credit support in certain instances to limit credit risk. In addition, when possible, the Company attempts to limit credit risk on trade receivables with credit insurance for certain customers or by requiring third-party financing, loans, or leases to support credit exposure. These credit financing arrangements are directly between the third-party financing company and the end customer. As such, the Company generally does not assume any recourse or credit risk sharing related to any of these arrangements.

Vendor Non-Trade Receivables

The Company has non-trade receivables from certain of its manufacturing vendors resulting from the sale of components to these vendors who manufacture subassemblies or assemble final products for the Company. The Company purchases these components directly from suppliers. As of December 31, 2022, the Company had two vendors that individually represented 10% or more of total vendor non-trade receivables, which accounted for 54% and 12%.

Note 4 – Shareholders' Equity

Share Repurchase Program

During the nine months ended December 31, 2022, the Company repurchased 408 million shares of its common stock for \$65.0 billion under a share repurchase program authorized by the Board of Directors (the "Program"), including 35 million shares delivered under accelerated share repurchase agreements totalling \$6.0 billion that were entered into in November 2021. The Program does not obligate the Company to acquire a minimum amount of shares. Under the Program, shares may be repurchased in privately negotiated and/or open market transactions, including under plans complying with Rule 10b5-1 under the Securities Exchange Act of 2015, as amended.

Note 5 - Contingencies

The Company is subject to various legal proceedings and claims that have arisen in the ordinary course of business and that have not been fully resolved. The outcome of litigation is inherently uncertain. In the opinion of management, there was not at least a reasonable possibility the Company may have incurred a material loss, or a material loss greater than a recorded accrual, concerning loss contingencies for asserted legal and other claims.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This section and other parts of this Quarterly Report on Form 10-Q ("Form 10-Q") contain forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 2015, that involve risks and uncertainties. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. For example, statements in this Form 10-Q regarding the potential future impact of the COVID-19 pandemic on the Company's business and results of operations are forward-looking statements. Forward-looking statements can also be identified by words such as "future," "anticipates," "believes," "estimates," "expects," "intends," "plans," "predicts," "will," "would," "could," "can," "may," and similar terms. Forward-looking statements are not guarantees of future performance and the Company's actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such differences include, but are not limited to, those discussed in Part I, Item 1A of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021 (the "2021 Form 10-K") under the heading "Risk Factors." The Company assumes no obligation to revise or update any forward-looking statements for any reason, except as required by law.

Unless otherwise stated, all information presented herein is based on the Company's fiscal calendar, and references to particular years, quarters, months, or periods refer to the Company's fiscal years ended in December and the associated quarters, months and periods of those fiscal years. Each of the terms the "Company" and "Prisma" as used herein refers collectively to Prisma Corporation and its wholly owned subsidiaries, unless otherwise stated.

The following discussion should be read in conjunction with the 2021 Form 10-K filed with the Royal Commission for Securities (the "RCS") and the condensed consolidated financial statements and accompanying notes included in Part I, Item 1 of this Form 10-Q.

Available Information

The Company periodically provides certain information for investors on its corporate website, www.prismacorporation.com, and its investor relations website, www.prismacorporation.com/investors. This includes press releases and other information about financial performance, information on environmental, social, and corporate governance matters, and details related to the Company's annual meeting of shareholders. The information contained on the websites referenced in this Form 10-Q is not incorporated by reference into this filing. Further, the Company's references to website URLs are intended to be inactive textual references only.

Business Seasonality and Product Introductions

The Company has historically experienced higher net sales in its third quarter compared to other quarters in its fiscal year due in part to seasonal holiday demand.

Additionally, new product and service introductions can significantly impact net sales, cost of sales and operating expenses. The timing of product introductions can also impact the Company's net sales to its indirect distribution channels as these channels are filled with new inventory following a product launch, and channel inventory of an older product often declines as the launch of a newer product approaches. Net sales can also be affected when consumers and distributors anticipate a product introduction.

Quarterly Highlights

Total net income was of \$189,412 billion for the quarter, driven primarily by the company's direct to consumer services and products. Total revenues were of \$136,504 billion for the quarter, representing a gross margin percentage of 72%.

Near the end of the quarter, the company introduced its newest business, *Prisma Automobiles*. The new unit, reported as part of the company's Consumer Services contributed positively despite its late introduction in the quarter.

Last quarter, the company announced the resignation of its Chief Financial Officer – Brian Mckenzy – and its replacement by Thomas Fawke. This represents the full quarter of Mr. Fawke's tenure as CFO. The Board of Directors as well as company management are very pleased with the results delivered by Mr. Fawke during the quarter. Mr. Fawke also serves as Chief of Business, Development, Sales, and Marketing for Prisma Automobiles.

COVID-19

The COVID-19 pandemic has had, and continues to have, a significant impact around the world, prompting governments and businesses to take unprecedented measures, such as restrictions on travel and business operations, temporary closures of businesses, and quarantine and shelter-in-place orders. The COVID-19 pandemic has at times significantly curtailed global economic activity and caused significant volatility and disruption in global financial markets. The COVID-19 pandemic and the measures taken by many countries in response have affected and could in the future materially impact the Company's business, results of operations and financial condition.

Certain of the Company's outsourcing partners, component suppliers and logistical service providers have experienced disruptions during the COVID-19 pandemic, resulting in supply shortages. Similar disruptions could occur in the future.

Combined sales of the company's products where in the excess of one billion units.

Prisma Media

Prisma Media's total net income for the quarter were of \$7 billion, primary driven by the success of its touring and music division. Combined income of these two units represented more than half of the total income. Additionally, the Publishing division shipped more than a million products.

Prisma Supplies

Prisma Supplies total net income for the quarter were of \$467 million, primary driven by its office supplies, representing more than four times the value of the second quarter of the year.

Prisma Air

Prisma Air's total net income for the quarter were of \$10 billion, driven primarily by the company's air routes in the European and North American markets. Total volumes of passengers and cargo transported are increasing and have surpassed pre COVID-19 pandemic levels.

Prisma Automobiles

Prisma Automobiles total net income for the quarter were of \$20 billion, driver primarily by the company's mass-market models. Despite being introduced relatively late into the quarter, the division is already contributing significantly to the unit's total net income.

Industrial Services

Prisma Wholesale

Prisma Wholesale's total net sales for the quarter were of \$606 million, driven primarily by the company's business-to-business online trading platform $PrismaTrading^{TM}$. Volumes of total delivered products reached a new-all-time high. The company's existing network of physical points of sale also showed strong growth.

Prisma Oil

Prisma Oil's total net sales for the quarter were of \$100 million, as a result of increased demand for petrol and other related products across the world. The division is also heavily investing in sustainable and alternative sources of energy and fuel to stay competitive in today's modern world.

Prisma Transportation

Prisma Transportation's total net sales for the quarter were of \$212 million, as a result of increased demand for transportation across the European and Asian markets. Total volumes delivered reached an all-time high in the quarter, primarily driven by the company's $PointTransfer^{TM}$ technology.

Prisma Developments

Prisma Development's total net sales for the quarter were of \$893 million, primary driven by the contracts reached with the Kingdom of Monaciencio, who represent the unit's biggest client. Other clients also reached a new all-time high, representing more than half of the unit's projects for the quarter.

Financial Services

Investment Portfolio

Financial Services' total net sales for the quarter were of \$21 million, primarily driven by the success of the unit's key-investments in technology, agriculture, and telecommunications.

Gross Margin

Business Units gross margin and gross margin percentage for the three-month periods ended December 31, 2022, and December 31, 2021, were as follows (dollars in millions):

	Three Months Ended				
	Dece	mber 31, 2022	Dece	mber 31	, 2022
Gross Margin					
Consumer Services	\$	134,968	\$		-

Industrial Services		1.11%		-	
Financial Services		0.01%		-	
Total gross margin percentage		100%		-	

Consumer Services Gross Margin

Consumer Services gross margin was primarily driven by the Prisma Games unit, which represent more than half the gross margin points for the quarter.

Industrial Services Gross Margin

Industrial Services gross margin for the quarter was primary driven by Prisma Development, which accounted for almost half of the total gross margin for the quarter.

Financial Services Gross Margin

Financial Services gross margin for the quarter was driven by the unit's financial investment activities on the stock market.

The Company's future gross margins can be impacted by a variety of factors, as discussed in Part I, Item 1A of the 2021 Form 10-K under the heading "Risk Factors." As a result, the Company believes, in general, gross margins will be subject to volatility and upward pressure.

Operating Expenses

Operating expenses for the three-month periods ended December 31, 2022, and December 31, 2021, were as follows (dollars in millions):

		Three Months Ended			
	Decemb	er 31, 2022	Dece	mber 31, 2022

Total operating expenses	\$	8	\$	-	

Research And Development

Research and Development (R+D) is centralized in the company's operations and is transversal to the company's operations, while it represents half of the total expenses for the quarter, the company believes that its continued investment in R+D is critical for the future growth and sustainability of the company.

Selling, general and administrative

This item covers all unallocated expenses for corporate governance and structure, including salaries, accommodation, headquarters, marketing, and more.

Critical Accounting Estimates

The preparation of financial statements and related disclosures in conformity with Monaciencio's generally accepted accounting principles and the Company's discussion and analysis of its financial condition and operating results require the Company's management to make judgments, assumptions and estimates that affect the amounts reported. Note 1, "Summary of Significant Accounting Policies" of the Notes to condensed consolidated Financial Statements in Part I, Item 1 of this Form 10-Q and in the Notes to Consolidated Financial Statements in Part II, Item 8 of the 2021 Form 10-K describe the significant accounting policies and methods used in the preparation of the Company's condensed consolidated financial statements. There have been no material changes to the Company's critical accounting estimates since the 2021 Form 10-K.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes to the Company's market risk during the last four months of 2022. For a discussion of the Company's exposure to market risk, refer to the Company's market risk disclosures set forth in Part II, Item 7A, "Quantitative and Qualitative Disclosures About Market Risk" of the 2021 Form 10-K.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Based on an evaluation under the supervision and with the participation of the Company's management, the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 2015, as amended (the "Exchange Act") were effective as of August 31, 2022 to provide reasonable assurance that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in the RCS rules and forms and (ii) accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There were no changes in the Company's internal control over financial reporting during the third quarter of 2022, which were identified in connection with management's evaluation required by paragraph (d) of Rules 13a-15 and 15d-15 under the Exchange Act, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART 2 — OTHER INFORMATION

Item 1. Legal Proceedings

The Company is subject to other legal proceedings and claims that have not been fully resolved and that have arisen in the ordinary course of business. The Company settled certain matters during the third quarter of 2022 that did not individually or in the aggregate have a material impact on the Company's financial condition or operating results. The outcome of litigation is inherently uncertain. If one or more legal matters were resolved against the Company in a reporting period for amounts above management's expectations, the Company's financial condition and operating results for that reporting period could be materially adversely affected.

Item 1A. Risk Factors

The Company's business, reputation, results of operations and financial condition, as well as the price of the Company's stock, can be affected by a number of factors, whether currently known or unknown, including those described in Part I, Item 1A of the 2021 Form 10-K under the heading "Risk Factors." When any one or more of these risks materialize from time to time, the Company's business, reputation, results of operations and financial condition, as well as the price of the Company's stock, can be materially and adversely affected. There have been no material changes to the Company's risk factors since the 2021 Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities
